Plurality

MAJORITY OF 200,000

Against Prohibition Amendment—In Nebraska  
Hitchcock Defeats Burkett.  
California Has \$17,500,000 for  
the Panama Exposition.

St. Louis, Mo., Nov. 12.—Late official returns from 102 of the 114 counties in Missouri indicate that the Republicans elected the state ticket on Tuesday. John C. Brown, Republican, is leading Judge James B. Gant for the long term in the supreme court by 5,365. Returns from the missing twelve counties, it is believed, will not materially affect the result. The other Republican candidates have larger pluralities than that of Brown. The total majority in the state against the proposed prohibition amendment to the constitution was brought up to 200,672 by late unofficial returns.

**Democrats Gain in New Hampshire.**  
Concord, N. H., Nov. 12.—Complete unofficial returns of the votes for members of the legislature show that the 1911 state Senate will consist of 10 Republican and 8 Democrats, against 20 Republicans and 4 Democrats two years ago. To the House of Representatives this year 223 Republicans and 166 Democrats have been elected, with two tie votes recorded. In the 1908 House there were 270 Republicans and 117 Democrats. The Republican majority on joint ballot in 1911 will be 65; in 1909 it was 160, a Democratic gain of 104.

**Republicans Defeated in Porto Rico.**  
San Juan, P. R., Nov. 12.—The elections held throughout the island have resulted in another victory for the Unionist party over the Republicans. The Unionists have elected every member of the House of Delegates. Louis Munoz Rivera, the Unionist leader, succeeds Tallo Larrinaga as resident commissioner at Washington. The Republicans, however, have won in several of the municipal elections. Roberto H. Todd, a member of the national Republican committee, has been elected mayor of San Juan.

**Taft's Home Precinct Loyal.**  
Cincinnati, O., Nov. 12.—President Taft's home precinct in this city increased its Republican majority over that of two years ago. Mr. Taft cast one of the 180 votes for Harding. Governor Harmon received 159 votes. Two years ago the vote stood Harmon, 196; Harris, Republican, 170.

**Arizona Adopts the Recall.**  
Phoenix, Ariz., Nov. 12.—The Arizona constitutional convention has adopted an article providing for the recall. The vote on the article was 37 to 11.

### DIX PROMISES ECONOMY.

He Thanks Friends for Rebuking the Extravagance at Albany.

McKee, N. Y., Nov. 12.—At a little party here Thursday evening, John A. Dix said he wanted to express his thanks to his friends and neighbors for the loyal support they gave him at the polls. "You have rebuked that riot of extravagance in Albany where last year \$400,000 of the state funds were expended when the state resources were only \$34,000,000," he said. "Your rebuke," he went on, "has been worldwide. Now, friends, I have given you my pledge to try to stop this wasteful extravagance of public funds, but I must have your help, and I now ask you for your co-operation."

### ROOSEVELT PUZZLES FOLK.

Oyster Bay Wonders Where the Colonel Is Secluding Himself.

Oyster Bay, N. Y., Nov. 12.—Oyster Bay wonders where the Colonel, who had become of Col. Roosevelt, who is still in complete seclusion at Sagamore hill. Not since his return from the Spanish American war, 12 years ago, has the colonel kept himself secluded at his home, and the village folk do not know what to make of it.

The colonel has not even indulged in his favorite diversion of felling a tree with an axe which so delighted his visitors. It is said the colonel spends most of his time in his library.

### Wet by a Vote of 4 to 2.

Concord, N. H., Nov. 12.—Sharon, N. H., with only a half dozen voters, has voted for license 4 to 2. The result is giving no little concern to neighboring towns which want no license. They see the saloon almost at their doors.

### A NEW ELECTION.

One Imminent in England Because of  
Conference Failure.

London, Nov. 12.—Following Thursday night's announcement of the failure of the constitutional conference, there was yesterday the greatest activity at all the party headquarters, where the decks were being cleared for action in view of the possibility of an almost immediate general election.

The government stalwarts urged a prompt appeal to the country, on the ground that the sooner they struck the better would be the chance of overwhelming the opposition, but Premier Asquith is believed to be in favor of quickly winding up the business of the parliamentary session before placing the resignation of the cabinet in the hands of the king.

Much will depend upon the attitude of the Irish and Labor parties upon the reassembly of Parliament next Tuesday.

### INFANT PARALYSIS SCOURGE.

Physicians All at Sea Regarding It—Unable to Diagnose Case in Early Stages.

Chicago, Nov. 12.—The medical profession of the world is still handicapped before the scourge of infantile paralysis. This statement was made Thursday night at the meeting of the Chicago Neurological society by Dr. H. E. Robertson, assistant professor of pathology in the university of Minnesota. "We are up against it," said Dr. Robertson. "We have not been able to cultivate the germs in laboratories. We cannot learn anything from animals. We cannot even diagnose the disease, because the first certain symptom is the paralysis of the patient. This disease attacks the strongest and most active children. It is not confined to infants. Many victims are adults. The high fatality is caused by reaching the acute stage in three or four days. Up to that time the symptoms might indicate any infectious malady. There are no definite symptoms and the first warning the practitioner has is the paralysis of his patient."

### TRADE FALLING OFF.

China Is Not So Good a Customer as Formerly.

Washington, Nov. 12.—The value of the export trade of the United States to China has been sinking gradually for the last five years, but the end of the present season is expected to show the lowest total for many years, according to a bulletin from the department of commerce and labor.

### CODFISH SOON A LUXURY.

Portland Reports Scarcity More Marked Than in 25 Years.

Portland, Me., Nov. 12.—Fishballs will soon be a luxury, if the present scarcity of dry fish continues. The supply is more limited than it has been for 25 years, and the price is continually soaring.

Local dealers are unable to fill a large number of orders from the West. The ravages of the dogfish and the abnormally heavy demand resulting from the high price of meat are the main reasons for the scarcity.

## THE NORMAL SCHOOL FIGHT

First Round Ended in the  
Vermont House Yesterday

IS A VICTORY FOR STONE

There May Be a Way Out of the Trustee  
Process Squabble When Legisla-  
ture Returns to Work Next  
Week.

In the first round of the fight between the state superintendent of education and the normal schools, Supt. Stone comes out a winner, for that was the fight over the bill establishing teacher-training courses in high schools and academies in the House yesterday morning was over, and the House knew it. The amendment proposed by Mr. Miller of Bethel would, as some of the speakers stated, cut the heart out of the bill, and when it was defeated those opposed to the normal school policy of the state knew a hard blow had been dealt the schools. The fact that the amendment by Mr. Viall of Dorset takes the money to pay for the teachers for these courses out of the state treasury and not from the school money, and that the number of schools that can have these courses has been limited to 12 by amendment, is regarded by the friends of the bill as of minor importance, for they feel that the passage of the bill really sounds the death-knell of the normal schools as they are now maintained.

It looks now as though when the trustee process squabble is taken up next week in conference committee it could be settled without much difficulty. The extreme feeling in the Senate is subsiding somewhat, as is shown by the ordering to lie yesterday of the House bill, without any talk. Just how the supporters of both bills can be satisfied and the platform pledge still kept is a little hard to see, but the leaders in the House and Senate profess their ability to bring it about.

The license law got another knock yesterday, when a bill was introduced in the House to prevent a town which votes no from voting again on the question for five years. Still, this may not be much of a blow, for it is pronounced by some lawyers clearly unconstitutional. An innkeepers' license bill, permitting hotels in no-license towns to serve liquor to bona fide guests, will be introduced next week.

The routine of business in the House yesterday afternoon consisted of the following:

These bills were passed:  
Relating to cream tests.  
Relating to flags.  
To exempt Randolph sanatorium from taxation.  
Relating to the practice of embalming.  
To incorporate the Morrissett and Middlesex Railroad company.  
Enabling the Bennington and North Adams Street Railway company to construct and operate a railway in the town of Stamford.  
Amending the charter of the E. & T. Fairbanks & Co.  
Relating to the registration of automobiles and motor vehicles of non-residents.  
Relating to the soldiers' home.

### Third Reading Ordered.

Third reading was ordered on these bills:

H. 276, relating to the ventilation of schoolhouses.  
H. 283, relating to the killing, muzzling or chaining of dogs.  
H. 302, relating to the copyright of Vermont reports.  
These bills were killed:  
H. 224, relating to the pay of listers.  
H. 288, relating to the law of the road.  
The following new bills were introduced in the House:

By Mr. Peck of Burlington, an act to incorporate the society of the Chevaliers de Champlain, Burlington, Vt.  
By Mr. Bunday of Sutton, to amend section 883 of the P. S., relating to schoolhouses and grounds.  
By Mr. Stafford of Brattleboro, an act authorizing the town of Brattleboro to issue bonds for the purpose and to the amount specified; \$15,000 for abolition of grade crossings.

By Mr. Cook of Ripton, to legalize the quadrennial appraisal and the grand list of the town of Ripton for 1910.

By Mr. Sherwin of Jamaica, relating to the maintenance of bridges. In all towns where the total combined length of bridges exceeding 8-foot span shall exceed 2,000 feet, state to pay to the town annually one-half the cost of maintenance, rebuilding and repair, of such total combined length exceeding 2,000 feet.

By Mr. Ames of Brighton, to provide for the ascertainment of damages in the event of the cessation of motive power by railroad corporations and street railroad companies. Rules suspended and the bill was read the third time and passed.

After voting to return next Monday evening, the same as in the House, the Senate yesterday afternoon transacted the following business:

Passed in concurrence:  
Prohibiting payment of fees for justices of the peace in criminal cases.  
Relating to the soldiers' home.  
To pay J. G. Sargent and H. F. Graham a certain sum.  
Incorporating the Waterbury Savings bank.  
Incorporating the village of Randolph. Relating to the duties of the commissioner of agriculture.  
Relating to the solicitation of subscriptions in the State House.

Two bills were introduced:  
By Senator Gordon of Washington, an act to amend section 1357, relating to hearings before a superior judge. It provides that superior judges may hear a demurrer in vacation time. Referred to the committee on judiciary.

By Senator Clark of Rutland, an act amending section 744 and 745, relating to taxation of savings banks and trust companies. It provides for a reduction of the tax from seven-tenths of one per cent. to one-half of one per cent. on deposits in savings banks and trust companies.

These bills were passed in concurrence:

Legalizing the grand list of the town of Elmore.  
Legalizing the appraisal of real estate in the town of Belvidere.  
Relating to sale of land for taxes.

## RECIPROCITY MEETING ENDS

No Conclusion Reached at  
Ottawa

## DISCUSSION VERY HELPFUL

Another Conference Early Next Year.  
The Suspension Due to the Troubles of the Liberals.

Ottawa, Ont., Nov. 12.—At the conclusion of Thursday afternoon's meeting of the Canadian and the United States trade negotiators the following statement was given out by Mr. Fielding, finance minister:

"The conference between the representatives of the United States and Canada on the subject of improved trade relations terminated to-day. The conference began on Saturday, the 5th inst., and was continued on Monday, Tuesday and Thursday. The whole discussion was one of the most frank and friendly nature. While no conclusion was reached, the ground was cleared for a further conference which will be held in Washington probably early in January. The members of the conference, Messrs. Hoyt, Pepper and Foster, representing the United States, and Messrs. Fielding and Paterson representing Canada, separated with the strong hope that on the resumption of the conference at Washington an arrangement can be reached that will prove acceptable to people on both sides of the boundary line."

Mr. Pepper, speaking for the American members of the conference, said: "We leave Ottawa feeling hopeful for a successful issue of the negotiations when they are resumed at Washington. We have appreciated very much the cordial manner in which we have been received in Canada and the frank friendly spirit in which the Canadian negotiators have met us. However, we cannot make a statement as to any conclusions which have been reached, because there have been none."

Mr. Pepper explained that there was a general discussion of the situation and the ground was thoroughly cleared of preliminaries so that the January meeting would find much of the pioneer work done.

Adequate reason for the suspension of the negotiations until January may be found in the domestic situation of the Laurier government.

### TRIED ON DOUBLE CHARGE.

Elmer Hewitt of Pittsford Arraigned in Rutland County.

Rutland, Nov. 12.—Elmer Hewitt of Pittsford was placed on trial in Rutland county court yesterday under an indictment charging him with breaking into the house of George Palmerine in Pittsford on August 23, last, with intent to rob and commit rape. The respondent has as counsel E. H. O'Brien, W. S. Fenton and C. V. Poulin. As the charge is a very serious one, the case is being fought bitterly. State's Attorney-elect R. L. Starnford is assisting State's Attorney J. C. Jones in the prosecution.

Although each side took nearly all the challenges allotted to it, the jury was completed at 9:50 o'clock yesterday morning and the introduction of evidence was commenced shortly after 10 o'clock.
